PROFILE

I am a hardworking and passionate Full Stack Developer with strong organizational and communication skills.

I am a Medical Laboratory Scientist by day and a web developer by night. I am looking for an opportunity where I can use my creativity to help others

EXPERIENCE

Company A, Front End Developer 2022

- Developed and implemented front-end code using HTML, CSS, JavaScript, jQuery to create a responsive web application that works across multiple devices (desktop, tablet, mobile).

- Collaborated with the team to design new features for the app and ensured adherence to current brand standards.

- Worked closely with other developers on our team to ensure proper implementation of any changes made in the code base.
